

Rajeev Gupta
President, Fujitsu Consulting India Private Limited

Rajeev Gupta is president of Fujitsu Consulting India Private Limited, a wholly-owned subsidiary of Fujitsu America. His present role encompasses an array of responsibilities; including the consistent growth of India operations, creation of a global delivery center for business across geographies, and consolidation of the Fujitsu presence in the India and Gulf markets.

Backed by nearly 15 years of extensive IT service experience in business application management and the handling of the global delivery business model through its different stages of maturity, Mr. Gupta has successfully managed his operational as well as strategic roles.

Prior to joining Fujitsu, Mr. Gupta worked for Intelligroup Inc. in the United States. In that role, he helped the organization build and develop its outsourcing capabilities as well as managing multi-million dollar accounts in outsourcing business.

Mr. Gupta's contribution and support of Fujitsu Consulting India began in 2004. He mobilized the FC India SAP team to achieve breakthroughs in niche areas like new dimension products and industrialized solutions. He spearheaded a variety of strategic events that opened new business opportunities across global markets for Fujitsu Consulting India. Under his leadership, human resources and recruitment have evolved significantly.

An engineering graduate, Mr. Gupta is also an alumnus of the Fujitsu Global Knowledge Institute (GKI) for Advanced Leadership Program. He is based at Pune, the head office for FC India.
