Fujitsu has once again demonstrated dedication to our customers' success with the introduction of our Center of Excellence. This facility allows qualified customers, to log into a full Oracle® EnterpriseOne™ installation from a simple internet connection.

The Center of Excellence allows Fujitsu customers to log into a full installation of the latest release of Oracle's JD Edwards EnterpriseOne. Or, Fujitsu can demonstrate functionality to our customers, work with them on training, contract for a proof-of-concept (lab for hire), and ensure that our consultants have the latest skill sets for EnterpriseOne and related software packages.

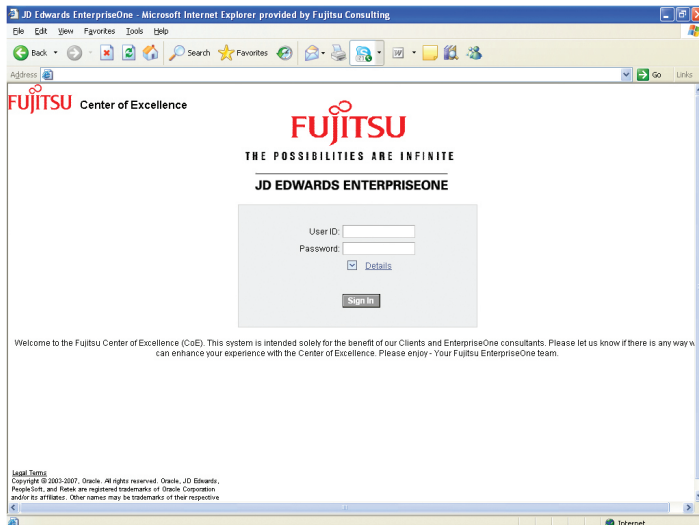

The Center of Excellence provides the flexibility to respond to customer requirements. Fujitsu can configure specific areas of EnterpriseOne including Portal Solutions, Dashboards, and Self-Service Applications. Configurations can then be easily changed as required.

SERVICES

Fujitsu consultants bring both industry experiences as well as in depth knowledge of EnterpriseOne.

Strategic Offerings:

- Software demonstrations
- Proof of concept or lab for hire
- Training on the latest software packages

- Ability to demonstrate Plant Managers Dashboard and Financial Management and Compliance Console
- System Architecture Planning
- Security planning capabilities
- Net change for functionality

CLIENT BENEFITS

Our Center of Excellence will help to enable you to make informed software decisions. The benefits you will experience are rewarding and measurable:

- Work with a knowledgeable team of consultants
- Ability to see latest functionality
- Ability to experiment with different configuration schemes and processes
- Access to a functional system immediately which can help to alleviate delays due to hardware
