

FACT SHEET

SAP FINANCIALS

OUR PRACTITIONERS ARE DEDICATED PROFESSIONALS WITH A PROVEN TRACK RECORD IN EXECUTING SAP FINANCIALS IMPLEMENTATION PROJECTS.

OVERVIEW

Fujitsu has a full array of implementation capabilities related to SAP Financials designed to deliver real and sustainable business value and optimize your SAP ERP Financials implementation.

HOW CAN MY ORGANIZATION RESOLVE MY FINANCIAL BUSINESS ISSUES WITH SAP FINANCIALS?

A representative list of client problems/business issues:

Are we compliant with Sarbanes Oxley and what are the latest tools available in SAP to improve regulatory compliance?

How to demonstrate the business value of implementing SAP Financial Supply Chain Management components like Dispute Management, Collections, Credit Management and Biller Direct?

How do I plan the transition to IFRS and how to include Financial Optimization and Standardization of business processes to reap business benefits?

How do I publish my Financial Statements in XBRL format?

SAP FINANCIALS CLIENT BENEFITS

Fujitsu can quickly implement SAP Financials Best Practice solution using a rapid deployment methodology which allows an early realization of business benefits for your investment in SAP. An SAP Financials implementation project from Fujitsu, offers the following benefits to the client:

An end to end implementation capability spanning all the key components of SAP Financials: Financial Accounting, Management Accounting, Financial Supply Chain Management (FSCM), - Biller Direct, Credit Management, Collections Management and Dispute Management, Treasury Management, and Corporate Governance

Learn how to optimize your Financial Supply Chain to conserve cash and increase your working capital by implementing Credit Management, Dispute Management, Collections and Biller Direct functionality of SAP FSCM.

Learn how to implement SAP BPC to streamline the planning and consolidation processes and provide your business users a user friendly way to manage the complexities of the consolidation process.

Get the most out of Financials Implementation by leveraging the Fujitsu experience of 300+ SAP Implementations and 100+ SAP Upgrades in the U.S.

By leveraging the Fujitsu Macroscopic® ASAP accelerators to align your Financials Implementation, focus on these key business drivers:

- Improve corporate performance
- Achieve faster closes
- Improve corporate governance and transparency
- Shorten days sales outstanding
- Optimize global cash management
- Improve financial and managerial reporting
- Improve process integration between finance and treasury
- Make finance costs more competitive

Participation in a Financials Benchmarking Assessment Workshop for chartering the implementation roadmap for SAP Financials.

Understanding of the transition path to IFRS by evaluating the technical upgrade and conversion to ECC General Ledger from Classic General Ledger.

Use the Fujitsu proprietary xWAND tool and the SAP expertise of Fujitsu to enable submitting the financial statements to SEC in XBRL format.
